MAD

Student Name	Usama Nawaz
Registration Number	Sp20-Bse-037
Program	BS-(SE)
Semester	VI

**LAB Instructor: Mr. Muhammad Kamran
Lab Assignment # 02**

Design I choose is this

Code for this design

```
import React from "react";
import {StyleSheet, View, Image, Text } from "react-native";
export default function App(){
  return(

    <View style = {styles.container} >

      <View style = {styles.box1}>
        <Image
          style = {styles.Imagestyle}
          source = {require("./assets/insta.png")}></Image>

        </View>
        <View >
          <Text style = {{fontSize:25 , color:"white" , fontweight :
"bold"}}>Instagram</Text>
        </View>
        <View style={styles.inputstyle}>
          <Text style = {styles.label}> User name</Text>
        </View>
        <View style={styles.inputstyle2}>
          <Text style = {styles.label }> Password</Text>
        </View>
        <View style={styles.inputstyle3}>
          <Text style = {styles.label} > login</Text>
        </View>
        <View >
          <Text style = {{ fontSize:12 , color:"white" , fontweight : "bold"}}>
            Forgot your password
          </Text>
        </View>

    </View>
```

```

    <View style = {styles.style1}>
      <Text style = {{ fontSize:30 , color:"white" , fontweight : "bold"}}>
        Create a Account
      </Text>
    </View>

    </View>
  );
}
const styles = StyleSheet.create({
  container:{
    backgroundColor : "#5F9EA0",
    flex : 1,
    flexDirection:"column",
    justifyContent : "center",
    alignItems : "center",
    alignContent:"center",
    textDecorationColor:"white",
    textAlign:"center",
    includeFontPadding:"center"

  },
  box1 : {
    justifyContent:"center",
    width : 50,
    height : 50,

  },

  Imagestyle:{
    justifyContent:"center",

    width: 50,
    height : 50
  },

  label:{
    fontSize:18,
    color:"#7d7d7d",
    marginTop:10,
    marginBottom:5,
    lineHeight:25,

  },
  inputstyle:{
    backgroundColor:"#f1f6f8",
    marginTop:30,
    borderWidth:1,

```

```

        borderColor : "white",
        paddingHorizontal:80,
        paddingVertical:1,
        borderRadius:2,
        borderBottomLeftRadius : 20,
        borderTopLeftRadius:20,
        borderBottomRightRadius:20,
        borderTopRightRadius:20,

    },
    inputstyle2:{
        backgroundColor:"#f1f6f8",
        marginTop:5,
        borderWidth:1,
        borderColor : "white",
        paddingHorizontal:80,
        paddingVertical:1,
        borderRadius:1,
        borderBottomLeftRadius : 20,
        borderTopLeftRadius:20,
        borderBottomRightRadius:20,
        borderTopRightRadius:20
    },
    inputstyle3:{
        backgroundColor:"#ADD8E6",
        marginTop:30,
        borderWidth:1,
        borderColor : "white",
        paddingHorizontal:100,
        paddingVertical:1,
        borderRadius:1,
        borderBottomLeftRadius : 20,
        borderTopLeftRadius:20,
        borderBottomRightRadius:20,
        borderTopRightRadius:20
    },
    style1:{
textDecorationLine : "underline",
textDecorationColor:"white",
marginTop:50

    },

    })

```

End Result
